Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report, supporting schedules and Liquidity Plan to actual variance analysis.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Beginning April 2016, TSA receipts are deposited in a commercial bank account rather than the Government Development Bank for Puerto Rico ("GDB").
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"), and transferred to the TSA only after admissible disbursements (per approved Project Worksheets) have been made. These inflows to the TSA will be captured on the Federal Funds Receipts (Schedule C); outflows will be captured on the Vendor Payments (Schedule E).
- Data for TSA inflows/outflows is reported from various systems within the Department of Treasury of Puerto Rico ("DTPR"):
 - Cash Flow Actual Results - Source for the actual results is the TSA Cash Flow.
 - Schedule A - Collections - Source for collections information is the DTPR collections system.
 - Schedule B - Agency Collections - Source for the agency collections is DTPR.
 - Schedule C - Federal Fund Receipts - Source for the federal funds receipts is DTPR.
 - Schedule D - Net Payroll - Source for net payroll information is the DTPR Rhum Payroll system.
 - Schedule E - Vendor Payments - The source for vendor payments is the Bank checks paid report and a report from the DTPR PRIFAS system.
 - Schedule F - Other Legislative Appropriations - Source for the other legislative appropriations is DTPR.
 - Schedule G - Central Government - Partial Inventory of Known Short Term Obligations - Sources are DTPR.
 - Schedule H - Budget Allocation of the Reconciliation Adjustment for the Central Government Loan to PREPA - Source is the Office of Management and Budget
- Data limitations and commentary:

The government has focused on the seven schedules above for which access to reliable, timely, and detailed data is available to support these items. The government continues to work with DTPR and other parties to access additional reliable data that would help us provide detail in the future for other line items in the Cash Flow.

FY 2018 TSA Forecast Key Assumptions

- *The FY 2018 Treasury Single Account cash flow forecast Liquidity Plan was prepared at the beginning of the fiscal year based on the approved FY 2018 Budget, was projected monthly through June 2018, and is used as the benchmark against which weekly results and variances are measured. As a result of material economic and operational changes stemming from Hurricanes Irma and Maria, DTPR is in the process of developing a reforecast of TSA cash flows to year-end. Until then, the original TSA forecast will continue to serve as the measure for weekly cash flow variances.*
- *Forecast collections and disbursements through the General Fund and Federal Fund are consistent with the approved FY 2018 Budget, with the exception of payroll outlays which were forecast based on run-rate cash disbursement trends, and budget reserves which are non-cash and do not impact the TSA direct cash flows.*
- *TSA General Fund inflows are "gross" (i.e. include accrued Tax Refunds in 2018) and therefore higher than presented in the approved FY 2018 Budget, which considers General Fund revenues net of current year tax refunds. Repayment of deferred tax refunds (from CY 2016 and prior) total \$292mm; reserve for current year tax refunds (excluding garnishments) total \$456mm.*
- *Payroll outlays are based on FY 2017 run-rate disbursements, less savings measures, representing a \$298mm favorable adjustment to the approved FY 2018 Budget for the full fiscal year. Payroll is presented inclusive of segregated employee contributions (\$349M for the year). Payroll is disbursed through the TSA on a bi-weekly basis, approximately on the 15th and 30th of each month.*
- *Pensions reflect the implementation of the pay-as-you-go model in FY 2018. Retirement system inflows represent deposits from municipalities and corporations net of administrative expenses. Figures also include ERS / TRS / JRS asset sales (\$390M), which occurred in July 2017.*
- *The Liquidity Plan assumes collections and outlays of Federal Funds are equal in FY 2018 (zero net cash impact), excluding potential timing impact.*
- *Clawback funds set aside prior to June 2016 (approx. \$146mm held at BPPR accounts and \$144mm held at GDB) are considered restricted cash and therefore excluded from the projected cash balance.*
- *The Liquidity Plan assumes \$592mm of Reconciliation Adjustment as per the approved FY 2018 Budget and March 13 certified Fiscal Plan, which is projected separately from supplier payments and distributed evenly over 12 months. No further provision has been made for potential contingent liabilities against the government.*
- *The Liquidity Plan assumes that beginning November 2017, COFINA SUT collections flow to the General Fund and are available to the TSA for operational purposes, totaling approx. \$316mm in incremental collections in the forecast. However, these funds flowed to the COFINA bank account (BNY Mellon), which created a permanent variance of -\$316mm against the Liquidity Plan.*

Bank Cash Position	Weekly Cash Flow	Weekly Variance	YTD Net Cash Flow	YTD Net Cash Flow Variance ⁽¹⁾

Notable variances⁽²⁾ for the week ended June 29, 2018:

-\$149M	Outflow - PREPA Loan	(Permanent) Due to liquidity needs at PREPA, the entity drew down the remaining allowable amount on the Superpriority Post-petition Revolving Credit Loan Agreement on 6/29 to end the year with the original \$300M loan amount outstanding.
-\$95M	Outflow - Vendor Disbursements	(Permanent) Variance is permanent and primarily driven by \$56M in Central Government disbursements to PRASA for accounts payable in arrears. Remaining variance was mostly due to \$57M disbursed on behalf of the Department of Education, the second highest in a single week throughout FY2018.
+\$35M	Inflow - Federal Fund Receipts	(Temporary) Variance is due to the incremental receipt of federal funds for the Nutritional Assistance Program and the subsequent pass-through due to additional funding provided for in the Additional Supplemental Appropriations for Disaster Relief Requirements Act of 2017.
+\$51M	Outflow - ASES Appropriations	(Temporary) Variance is due to the timing of federal funds received for the Medicaid Program and the subsequent pass-through appropriation to ASES, and will be offset next fiscal year.
+\$5M	All Other Inflows & Outflows	Includes Electronic Lottery (-\$41M), Nutritional Assistance Program Outflows (-\$15M), PayGo Inflows (+\$33M), Tax Refunds (+\$22M), and others (+\$6M).

Notable YTD variances⁽³⁾ as of June 29, 2018:

-\$38M	Inflow - Sales & Use Tax	(Mostly Permanent) YTD permanent variance is driven by: (1) Liquidity Plan assumed \$316M of COFINA funds would flow to the General Fund but instead, the funds were deposited in the COFINA account; (2) lower than anticipated collections due to lost revenues from Hurricane Maria's impact on economic activity; (3) temporary sales tax exemption on prepared foods and items sold by small and medium merchants (exemptions expired on 1/7 and 12/31, respectively). Additionally, various other offsetting and competing drivers have influenced gross SUT month to month, including a shift in buying mix from smaller, less SUT compliant stores to larger, more SUT compliant retailers.
-\$300M	Outflow - Net PREPA Loan	(Permanent) \$300M in funds relating to a loan from the Central Government were transferred to PREPA from the TSA on February 23, 2018.
-\$32M	Inflow - General Collections	(Mostly Permanent) Principally due to the negative impacts caused by Hurricane Maria. Significant YTD collections variances are: -\$129M in Act 154 collections, -\$56M in Nonresident Withholdings, -\$82M in Individual Income tax collections, partially offset by +\$245M in Corporate Income Taxes, +\$170M in HTA Pass Through collections (Petroleum & Gas Tax collections constitutes the majority of the favorable YTD variance) and others.
+\$354M	Inflow - Federal Fund Receipts	(Temporary) YTD variances in federal fund receipts are the result of: (1) Additional federal funds received for federal programs (net +\$714): Disbursements for the Nutritional Assistance Program (+\$282M offsetting variance) and ASES pass-through Medicaid funds (+\$432M offsetting variance) represent permanent differences, as additional federal funds incremental to the Liquidity Plan were unlocked for Nutritional Assistance and Medicaid. The Bipartisan Budget Act of 2018 provided for additional Medicaid funding that was not considered in the original Liquidity Plan. Furthermore, the Additional Supplemental Appropriations for Disaster Relief Requirements Act of 2017 provided for additional Nutritional Assistance funding that was not considered in the original Liquidity Plan. (2) Lower vendor disbursements (net -\$488M): -\$595M lower than projected federal reimbursements for vendor payments, partially offset by disaster-related federal reimbursements for vendor payments not considered in the Liquidity Plan (+\$107M offsetting variance). (3) Other (net +\$128M): Lower federally-funded payroll disbursements as a percent of total payroll versus the Liquidity Plan (-\$56M variance); and an additional +\$184M of timing variance.
+\$592M	Outflow - Reconciliation Adj.	(Offset by Reapportionments) Of the \$592M total FY2018 budgeted Reconciliation Adjustment (RA), \$562M has been offset by reapportionments of the RA for other budgetary needs; (1) \$300M loan to PREPA; (2) \$80M for the Department of Transportation; (3) \$11M for the OMB; (4) \$78M for the creation of the Emergency Municipal Assistance Fund; (5) \$39M for the Police Department; (6) \$38M for ASEM; (7) \$15M for PREMA; and (8) \$30M for the payment of Central Government accounts payable in arrears owed to PRASA. Actual cash offsets to the \$592M YTD RA variance total -\$465M. Refer to Schedule H for additional detail.
+\$330M	Outflow - Vendor Disbursements	(Partially Temporary) +\$488M of YTD variance is related to federally-reimbursable disbursements, approximately 65% of which the Liquidity Plan projected would relate to budget period 2017. Remaining variance mostly due to offsetting permanent variances, including: (1) the creation of the Emergency Municipal Assistance Fund and subsequent \$1M disbursements to each of the 78 Puerto Rico Municipalities to cover operational and administrative costs in light of any declines in collections resulting from Hurricanes Irma and Maria; (2) \$107M in disaster-related vendor payments not considered in the Liquidity Plan that will be or have been reimbursed by federal funds; and (3) \$56M in Central Government disbursements to PRASA for accounts payable in arrears.
+\$97M	All Other Inflows & Outflows	Largest variances included are Agency Collections (-\$81M), outflows for the Nutritional Assistance Program (-\$282M), Pension Related Costs (+\$151M), appropriations to ASES (+\$248M), Rum Tax collections (+\$84M) and others (+\$48M).

2	Agency Collections	B		(74,894)	10,210	15,839	(5,629)	454,511	545,039	(60,528)	Significant YTD collections variance are -\$129M in Act 154 collections, -\$56M in Nonresident Withholdings, -\$82M in individual income taxes, partially offset by +\$245M in Corporate Income Taxes, +\$170M in Petroleum & Gas taxes.
3	Sales and Use Tax			(\$15,504)	46,277	71,132	(22,855)	1,640,047	1,978,406	(338,359)	2 YTD variance mainly due to -\$35M lower in Department of Health collections and -\$30M lower in Treasury collections, with the remaining variance spread across 40+ other agencies. The majority of YTD variance (-\$62M of total) is due to collections shortfall in September and October following Hurricane Maria.
4	Excise Tax through Banco Popular			(5,830)	-	686	(686)	609,523	616,339	(6,816)	3 YTD variance is mostly permanent, due to -\$316M in COFINA SUT collections flowing to the COFINA bank account that were not considered in the Liquidity Plan, lost revenues from Hurricane Maria's impact on economic activity, temporary sales tax exemptions on prepared foods and items sold by small and medium merchants (exemptions expired on 1/7 and 12/31, respectively), and various other competing drivers such as a shift in buying mix from smaller, less SUT compliant stores to larger, more SUT compliant retailers.
5	Rum Tax			99,338	-	15,700	(15,700)	239,138	155,500	83,638	5 YTD variance is assumed to be permanent as stronger Rum Tax collections are a result of (1) higher than projected volume of exports; and (2) increase of Rum Tax per unit to \$13.25 per proof gallon from \$10.50 per proof gallon, effective as of January 2018.
6	Electronic Lottery			(16,626)	-	40,669	(40,669)	105,380	162,675	(57,294)	6 YTD variance is a function of lower Electronic Lottery Collections due to the impact of Hurricanes Irma and Maria, and this variance is assumed to be permanent.
7	Subtotal - General & Special Revenue Fund Inflows			(\$525,870)	\$135,424	\$240,655	(\$105,230)	\$11,132,375	\$11,563,475	(\$431,100)	8 Variance partially offsets previous YTD variance, as Paygo payments are transferred to the TSA at the end each month as opposed to the bi-weekly transfers projected in the Liquidity Plan. The majority of YTD variance is due to not yet receiving PayGo payments from PRASA and other public corporations & municipalities.
Retirement System Inflows											
8	Contributions From Pension Systems (b)			(69,615)	48,938	15,101	32,837	349,653	366,431	(36,778)	11 YTD variances in federal fund receipts are the result of: (1) lower-than-projected federal reimbursements for vendor payments (-\$595M variance); (2) disaster-related federal reimbursements for vendor payments not considered in the Liquidity Plan (-\$107M variance); (3) greater disbursements for the Nutritional Assistance Program (+\$282M variance); (4) ASES pass-through Medicaid appropriations (+\$432M variance); (5) lower federally-funded portion of payroll disbursements versus the Liquidity Plan (-\$56M variance); and an additional +\$184M of timing variance. Note the Bipartisan Budget Act of 2018 provided for additional Medicaid funding that was not considered in the Liquidity Plan. As such, federal funds received after 3/31 for the Medicaid Program, and for the remainder of the year, are incremental to the amount projected in the Liquidity Plan and will result in permanent positive variances. Furthermore, the Additional Supplemental Appropriations for Disaster Relief Requirements Act of 2017 provided for additional Nutritional Assistance funding than was considered in the Liquidity Plan. The Commonwealth began to use these funds as of March 1, and additional resources will remain available to Puerto Rico until September 30th, 2019.
9	Pension System Asset Sales			-	-	-	-	390,480	390,480	-	12 YTD variance mainly due to +\$54M higher in Petroleum import tax collections and +\$15M in a one-time transfer from the Puerto Rico Tourism Company, with remaining variance due to higher non-recurring inflows across various programs and agencies, all of which are assumed to be permanent variances against the Liquidity Plan.
10	Subtotal - Retirement System Inflows			(\$69,615)	\$48,938	\$15,101	\$32,837	\$740,133	\$776,911	(\$36,778)	13 YTD variance is offset by GDB Transactions (relates to legacy debt service deposit agreement) variance in line 36.

13	Interest earned on Money Market Account			4,193	-	-	-	4,193	-	4,193	20 Weekly variance due to timing and will be offset later this month. -\$55M of the YTD variance is offset by +\$55M of the YTD variance in line 23, as distributions to the Police Department for payment of employer contributions to their retirement system is included in the line 23 YTD forecast.
14	GDB Transactions			(28,766)	-	-	-	-	28,766	(28,766)	23 Variances in this line item are permanent as this line item was not utilized this fiscal year. +\$55M of the YTD variance offsets -\$55M of the YTD variance in line 20, as distributions to the Police Department for payment of employer contributions to their retirement system was included in the line 23 forecast but are disburse through line 20.
15	Loans and Tax Revenue Anticipation Notes (l)			149,064	-	-	-	149,064	-	149,064	25 Variance is due to the timing of federal funds received for the Medicaid Program and the subsequent pass-through appropriation to ASES, and will be offset next fiscal year.
16	Subtotal - Other Inflows			\$540,324	\$124,911	\$83,741	\$41,170	\$6,176,790	\$5,597,296	\$581,494	28 YTD Variance largely due to additional transfers in funds to support capital expenditures and congestion management initiatives for HTA, consistent with the Revised Fiscal Plan.
17	Total Inflows			\$144,839	\$309,273	\$340,497	(\$31,223)	\$18,051,298	\$17,937,682	\$113,616	32 Vendor disbursements exceeded Liquidity Plan by \$95M for the week ended 6/29 mainly due to \$56M in Central Government disbursements to PRASA for accounts payable in arrears. Remaining variance was mostly due to \$57M disburse on behalf of the Department of Education, the second highest in a single week throughout FY2018. The largest portion (\$467M) of YTD variance is related to federally-reimbursable disbursements, approximately 65% of which the Liquidity Plan projected would relate to budget period 2017. This variance is offset by various disbursements that were not forecast in the Liquidity Plan, including \$78M to Municipalities for emergency recovery and \$107M in other disaster-related disbursements.

20	Gross Payroll - PR Police Department (g)			(50,617)	-	-	-	(681,100)	(680,483)	(60,617)	37 \$300M of the YTD Variance is offset by the Net Loan outstanding to PREPA. The \$300M original loan repurposed portions of the Reconciliation Adjustment (RA) that is budgeted at the agency level. The remaining YTD variance is offset by various other reappropriations from the RA including \$80M in funds for DT OP, \$78M for Municipal Recovery, and others (see Schedule H of this report for additional detail).

Due to the timing of PREPA receipts and disbursements, various repayments occurred since the loan was originally drawn upon, though PREPA drew down the remaining allowable amount on 6/29 to end the year with the original \$300M loan amount outstanding.

Footnotes:

- (a) Following a Federal Court ruling on February 19, 2018 that approved a loan request in the amount of \$300M to PREPA from the TSA (funds transferred to PREPA on 2/23), \$300M was repurposed from the Reconciliation Adjustment budgeted at the agency level, and use of approved budgeted amounts for the Reconciliation Adjustment from among 14 agencies provided the funding for this loan to PREPA. Refer to the above schedule for the detailed budget allocation by agency. Subsequently, due to excess revenues collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, separate payments totaling \$14.9M YTD were made to the TSA from PREPA (see Net Inflow PREPA on page 7 of this report). However, the total \$300M reappropriated amount is considered permanent variance to the FY2018 Liquidity Plan, as additional funds repaid to the TSA may subsequently be re-drawn by PREPA if necessary.
- (b) The Transportation and Public Works Department (DTOP) requested and was granted authorization to transfer \$80M from the Reconciliation Adjustment (General Fund accounts 111, 141), to its capital improvement program (concept 081), to execute an intensive initiative commencing May 26th, 2018. Though the project will commence in FY2018, there are not expected to be any actual cash outlays until the next fiscal year.
- (c) The Office of Management and Budget (OMB) requested and was granted authorization to reappropriate \$11M from the Reconciliation Adjustment for the purpose of acquiring Microsoft Grant Management Solutions (GMS). The implementation of GMS will permit the OMB, and up to five other government agencies, to monitor, access, and manage allocation programs of federal funds.
- (d) Law 96-2018, approved on May 8, 2018, provided for the creation of the Emergency Municipal Assistance Fund, through which \$1M in funding is assigned to each of the 78 Puerto Rico Municipalities to cover operational and administrative costs in light of any declines in collections resulting from Hurricanes Irma and Maria. \$78M was thus repurposed from agencies' budgeted Reconciliation Adjustment to provide for the creation of the aforementioned Emergency Municipal Assistance Fund.
- (e) The Puerto Rico Police Department requested and was granted authorization to transfer \$40M from the Reconciliation Adjustment (General Fund Account 141, a single amount under the custody of OMB) to cover June Payroll, Law 70 payments and overtime payments prior to the fiscal year end.
- (f) OMB granted authorization for the transfer and allocation of \$38M from the Reconciliation Adjustment to ASEM in order to augment their current appropriations from Central Government and support ongoing liquidity needs at this Component Unit of the Commonwealth.
- (g) OMB granted authorization for the transfer and allocation of \$15M from the Reconciliation Adjustment to the Puerto Rico Emergency Management Agency (PREMA) to pay for the extension of a professional services contract that is FEMA-reimbursable.
- (h) \$30M was repurposed from the Reconciliation Adjustment to provide for the pay down of Government of Puerto Rico (GPR) agencies' accounts payable in arrears that were owed to PREPA.
